Rabbit Express

Briefing – The objective of Rabbit Express is to summon the inner speed in every dog, while at the same time creating an opportunity for the dog that approaches life from the point of view of the tortoise to prevail. Rabbit Express is a numbered course that dogs will need to run like the proverbial rabbit. The goal is to negotiate the Rabbit Express sequence as quickly as possible. However, there is a twist, (of course!) that the wise tortoise may take advantage of. Somewhere along the course three Rabbit Holes will be hidden. The reckless rabbit who falls into the hole must navigate a detour sequence to dig itself out and get back on the Rabbit Express. That could be just the chance the Tortoise needs to pass right by! No refusal faults shall be called, however all obstacles must be performed, else a 20 point failure to perform fault shall be assessed. Scoring Rabbit Express is scored Time, Plus Faults. The judge will establish course time for each level. SCT shall be calculated without taking into account any detour sequence.

In and Out

Briefing: The course is divided into three different segments. The “inner” loop, the “in and out” loop and the “outer” loop. The dog must start with the “inner” loop, move to the in & out loop and finish with the outer loop. If a fault occurs during a loop, the dog must immediately restart from the first obstacle in that loop. The loop is repeated until completed without fault. Then the dog must start the next loop. The judge will call out “fault” when a dog has faulted an obstacle. The game is scored under TDAA rules.

Faults are: Dropping a jump bar, missing a contact, or going off course. Refusals are not faulted. The standard course time shall be established by the judge. The timekeeper will blow a whistle at the end of course time. If the dog has not completed the course, he must be directed to the finish line to stop time. Each obstacle has an assigned point value.

the point system is:

- 1 point for jumps

- 3 points for tunnels and the tire
- 5 points for contact obstacles and weave poles.

If the dog completes the entire course before time runs out, the difference between the dog's time and the course time becomes bonus points added to the score. All times are rounded up to the next second.

Scoring In and Out is scored Points, Then Time. The dog with the most points wins. Time is a tiebreaker only.

Just In Time

Briefing: The objective of this game is to accumulate (the most) points by performance of obstacles and subsequently arrive at the table as close as possible to the expiration of time. Just In Time is identical to the point-accumulation period of a Gamblers class. This is a “dog's-choice” game. The dog can perform obstacles in the order and direction of his choosing (hopefully, with some collaboration from the handler). Obstacles can be performed only twice for points. Back-to-back performance are permitted

Scoring: Just in Time is scored Points, Then Time.

The points system is:

- Jumps are worth 1 point
- Tunnels and the short set of weave poles are worth 3 points
- The dogwalk and teeter are worth 5 points.

Unproductive loitering near the table is not permitted and shall result in loss of time bonus points.

The dog will earn a time bonus for getting to the finish line after the end of the 60/65- second point-accumulation period.

- Less than 2 seconds earns 30 time bonus points
- Less than 4 seconds earns 20 time bonus points
- Less than 6 seconds earns 10 time bonus points

To qualify the dog must earn:

- Games I = 31 points
- Games II = 41 points
- Games III = 51 points

Boomerang

Boomerang is a game where the dog must perform obstacles to accumulate points. Once the dog goes through the red tunnel if he returns on the same path to the start of that sequence, he will receive a bonus for a successful “Boomerang Throw”.

The game starts when the dog crosses the start line. The team will receive points for each obstacle taken without fault in a numbered sequence (a Boomerang Throw), 1 for jumps, 3 for tunnels and tire, and 5 for contacts. If an obstacle is faulted the team will receive no points for that obstacle and will negate a successful Throw. Obstacles taken out of order (off-course obstacles) will receive no points and will negate a successful Throw. Refusals will not be called. Jumps with dropped bars are out of play for the rest of the game and will negate the Bonus for the current Throw and the bonus for that Throw if taken again. If the team does not complete a Throw, the next Throw starts when the dog takes the first jump (jump labeled 1) of the same or another Throw.

Bonus

The team will receive a bonus for the successful completion of a “Boomerang Throw” sequence. The “Boomerang Throws” on the course are the numbered sequences. The first Throw will start at the first number one obstacle the dog takes in the correct direction. A successful Boomerang Throw is a sequence that includes the red tunnel performance taken once at the end of a sequence. Once the red tunnel is taken the sequence to that point must be repeated in reverse to end at the jump where it started. A bonus of one point for each obstacle in the Boomerang Throw sequence including the red tunnel will be awarded for a successful throw. Once a Boomerang Throw is complete (i.e., the dog takes the first jump of the sequence a second time), successfully or not, a new throw is started when the dog takes the next obstacle labeled one in the correct direction. The judge will call out “Bonus” to indicate a successful Boomerang Throw and the beginning of the next Throw, or “Throw” to indicate the start of the next Throw.

Any off course, or faulted obstacle during a Throw will negate the bonus.

An additional bonus of 40 points can be received if the dog completes each of the Throws once.

Each Boomerang Throw can be taken twice for points.

Time begins when the dog crosses the start line. Point accumulation ends when the timekeeper calls time. Total game time ends when the dog touches the table. The table is live once time starts.

Scoring

Points plus Bonus then time (ER8).

QCT 50 seconds for tall dogs and 55 seconds for small dogs.

Qualifying

50 points

Our Judges reserve the right to adapt any game played. Day of show rules supersede all others.

Height Divisions

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in any height division. Dogs that run in a height division other than their measured division will be scored in their measured jump height division. TDAA height divisions are:

- 2" jump height: for dogs measuring 4" or less at the withers
- 4" jump height: for dogs measuring 8" or less at the withers
- 8" jump height: for dogs measuring 12" or less at the withers
- 12" jump height: for dogs measuring 16" or less at the withers
- 16" jump height: for dogs measuring 17" or less at the withers

ALL DOGS WITHOUT A PERMANENT HEIGHT CARD must be measured prior to the first day of competing at this trial. Arrive early enough to accommodate measuring.

TWO MEASUREMENTS BY TDAA JUDGES are needed to show a dog in TDAA.

For Exhibition Only (FEO)

TDAA allows FEO runs open to any TDAA registered dog in any class; offered at the option of the host club. FEO dogs may run on lead. FEO runs do not count toward TDAA titles. No treats or food allowed. FEO will have a maximum of 1.5 times of the SCT. FEO cannot repeat any obstacles. No training in the ring.

Disabled Handlers

A time exemption will be granted to disabled handlers amounting to 4 seconds in Standard course times and in qualifying course times for Games classes. Proof of disability shall be a copy of the handler's disability parking tag or other official documentation, which must be included with the entry or presented at check-in at the trial.

Entries

Closing Date is November 3, 2022

Entries will not be accepted without fees. No entries will be accepted which require a signature for delivery. All entries must be submitted on official TDAA Agility Entry forms: one dog per entry form.

Photocopied entries without the signed TDAA agreement attached are NOT acceptable.

Unsigned, incomplete or illegible entries are NOT acceptable and cannot be entered in the Trial. Faxed entries and/or credit cards cannot be accepted. Returned checks do not constitute a valid entry.

VOLUNTEER SIGN UP

Volunteers are the backbone of any agility trial. By its very nature TDAA is small: small dogs, small equipment, small trials, and small number of handlers. We need all hands to make a small trial work. Please volunteer to work during classes you are not running in. We will make sure you get adequate time to warm up your dog and do your walk-through. We want everyone to have a pleasant experience and at the same time helping to make the trial run smoothly
